School Description

The staff at Valleydale Elementary School is very committed to increasing student achievement by offering quality instruction through such programs as DBQ (document-based questioning), PLC (professional learning communities), and quality intervention/ enrichment. Our academic focus is centered around creating an instructional environment where students are provided daily collaborative practices, instruction supports cognitive rigor, and students are engaged in academic discourse. Valleydale staff works to increase rigor in daily instruction by providing opportunities to collaborate around complex tasks, text, and problems. This focus has led the staff to create higher-level questions throughout the curriculum and across content areas to ensure that all students have an opportunity to engage in critical thinking. Instruction at Valleydale is centered around student opportunities to experience the Four Cs; collaboration, critical thinking, communication and creativity. These experiences will help students to be prepared for the demands of college and careers in the 21st Century. In addition, we have a CCSS aligned English Language Arts and math curriculum. Students are supported with differentiated instruction through our school-wide intervention block. English Language learners are afforded both daily designated and integrated English Language Development instruction. In order to create a positive learning environment, we have implemented Positive Behavior Interventions and Supports, PBIS. Staff, students, and the community are encouraged to follow three behavior expectations; show respect, solve problems, and make smart choices. Students are recognized for positive behavior choices and are motivated through incentive programs. Our staff recognizes the important role that self-esteem plays in the success of each child. In partnership with McKinley Center and other agencies, we provide counseling services for students.

We are committed to providing our students and parents with a quality instructional program. We are proud to offer:

- Emphasis on a Common Core standards instructional program in English, Math and Science
- Focus on high expectations and achievement for ALL students
- GLAD strategies used to assist students in developing language
- A safe and clean campus that supports student learning
- Wonderful library with thousands of titles including Common Core exemplar materials
- Outstanding parent involvement through SSC, ELAC, Parent Nights
- Professional Learning Communities
- Quality staff development for our certificated and classified staff members
- Think Together program

At Valleydale Elementary we create a community that fosters a safe, respectful, positive school environment that empowers student growth in academics, community involvement, and personal relationships.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

Valleydale Elementary School provides a safe, clean environment for students, staff, and volunteers. Built in 1956, with modernizations made in 2005, the school sits on 11.5 acres. Facilities span 499,805 square feet and include a multipurpose room, library, cafeteria, 22 permanent classrooms, three portable classrooms, updated playground, and one computer lab. The facility strongly supports teaching and learning through its ample classroom and playground space, and a staff resource room.

A scheduled maintenance program is administered by Azusa Unified School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

During the day and in the evenings, two custodians ensure classrooms, restrooms, and campus grounds are kept clean and safe. Azusa Unified School District administers a scheduled maintenance program to ensure that classrooms and facilities are maintained to a degree of adequacy that provides a suitable learning environment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	38	N/A	40	N/A	50	N/A
Math	35	N/A	31	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Parents and community members are very supportive of the educational program at Valleydale Elementary School. Parents and the community participate in parent nights, parent workshops, Coffee with the Principal, School Site Council, English Language Advisory Committee, Back to School Night, Open House, parent-teacher conferences as well as other school-wide events. An essential responsibility of the School Site Council is the approval of the "School Plan for Student Achievement" which is developed using assessment data, research based instructional strategies and standards based curriculum. Parents are included in the planning, review, and improvement of programs through organized, ongoing School Site Council meetings. As a school site that receives Title I funding, an annual meeting is held to inform parents about the Title I program and its requirements. Regular meetings are held to provide an opportunity for open dialogue between stakeholders regarding student achievement, as well as topics related to school performance, curriculum, assessments, and proficiency levels. Parents have also had the opportunity to participate in the Families in Schools program which focuses on parent engagement and parent leadership. These workshops are lead by parent leaders who work to provide our families the literacy skills that will support student academic achievement. Additionally, parent workshops are provided based on identified needs from school and district-wide surveys. This year there have been numerous parent workshops that support the use of new technology platforms as a result of Distance Learning.

Parents also volunteer in the classrooms and on field trips. Valleydale is proud to offer a parent room open to all Valleydale families. The parent room is run by our community liaison who also assists our families by facilitating connections to a myriad of community resources.

Valleydale Elementary School enjoys many community and academic partnerships. Some of these include: Azusa Pacific University, THINK Together, Homework House, Valleydale Park Partnership, AXA, Target, and Chick-fil-a.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

The safety of students and staff is one of Valleydale Elementary School's priorities. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, lockdown, and disaster drills are conducted on a regular basis throughout the school year. Annually, the school practices a complete district-wide earthquake drill, which includes an entire school evacuation. Teachers, staff, and administrators are trained and practice lockdown procedures that, in an emergency, can secure the entire campus. Additionally, staff has participated in ALICE (Alert, Lockdown, Inform, Counter, Evacuate) training which is a research-based approach to respond to an imminent threat situation.

A storage bin located at the school contains food, water, and other supplies for use during a disaster. All visitors must sign in at the front office, wear identification tags while on the school grounds and sign out upon departure. Teachers and administrators are on duty during recess and before school. Our noon supervisors and administrators are on duty during lunch and after school to ensure the safety of all students.

A Comprehensive School Safety Plan was developed by the Safe School Committee in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include the following: monthly facility safety inspections; child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to, and exiting from, school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies. Valleydale Elementary School-aligned the safety program with Positive Behaviors Interventions and Supports. The School Safety Committee and School Site Council evaluates the plan annually and updates the plan as needed. The School Safety Committee and the School Site Council approved this plan on 9/3/20.

Expulsions	0.0	0.02	n/a

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	43	40	50

Our Valleydale teachers have undergone many hours of professional development to bring research-based teaching strategies into every classroom. Teachers collaborate weekly in our Professional Learning Communities model, which focuses on effective instructional strategies including the best use of student data at least times per month. Topics are decided through leadership team meetings and through annual staff surveys that identify areas of interest and needs. In addition, statewide SBAC assessment data help to guide the areas our educators must focus on in terms of staff development. During the PLC process teachers regularly develop formative assessments and to share work samples. Based on the data analysis teachers modify instruction to best support students. Additionally, teachers have the opportunity to share best teaching practices and to reflect on their own instruction.

The district annually holds professional development days in which teachers are offered a broad-based variety of professional learning opportunities in curriculum and instructional practice in support of a continuous cycle of improvement. Professional learning opportunities include grade level and/or content-specific programming on full and partial days as well as early student release day opportunities. Student achievement data continues to be the determining factor in the selection of professional learning topics. The primary areas of focus for professional learning in the last five years have been in the area of supporting teachers as it relates to math, and ELA/ELD, history-social science, and science curricula, content standards, frameworks, as well as the use of student data to improve instructional practice. Professional learning is developed and facilitated by district staff, Teachers on Special

Assignment, as well as consultants and coaches who specialize in content-area pedagogy. Professional learning is structured in job-embedded workshops and professional learning communities which include collaborative lesson planning, lesson study, classroom observations and coaching support, and student work/data analysis. Professional learning for all teachers includes strategies and pedagogy to support all learners access rigorous, grade-level standards. All professional learning includes a special emphasis on supporting the development of English learners' development of academic language and literacy.

Beginning in 2017 through 2021, all teachers participated in six days of systematic, district-wide professional learning with a focus on instructional strategies in support of our three student success drivers: academic discourse, collaborative practices, and cognitive rigor. In addition, several opt-in days of various ongoing professional learning offerings were held to differentiate among grade and content levels and included standards-aligned instructional practices in support of all learners, including English learners and students with disabilities; college and career readiness; and social-emotional support.

Types of Services Funded

Azusa Unified School District receives funding from state and federal funding sources. Through the Local Control Funding Formula (LCFF) California provides Base funding to support achievement of all students and Supplemental and Concentration funds directed primarily toward English learners, low-income, and foster youth. The district receives additional funding from federal categorical, special education, and support programs to support all students at all schools. In addition, the district receives some grant funding from state, federal, and other non-government sources. Types of services funded include:

- Standards-aligned instructional materials
- Professional development for certificated and classified staff
- Class Size Reduction
- Academic intervention and support (i.e. targeted Title I)
- Support for English learners and their families
- College preparation programs
- Educational Technology Assistance
- ROC/P
- Career Technical Education
- Special Education
- Home-to-School Transportation
- Health and nutrition programs

In addition to the district supported supplemental programs, Valleydale provides targeted academic tutoring to identified students beyond the instructional day. Students have access to supplemental programs such as Accelerated Reader, Iready, Istation, and Moby Max that increase academic achievement and narrow the achievement gap.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/>, that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
