2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Slauson Middle School provides a wide variety of well-rounded academic support and enrichment programs to all students, AVID (Advancement Via Individual Determination) is a program for college-bound students. This elective course for 8th graders provides a focus on critical thinking, reading, writing, study skills, and Cornell note-taking. Students participate in small group tutorials twice a week with college tutors and field trips focusing on the college experience. Two STEM classes, one in 7th and one in 8th grade (Science, Technology, Engineering, Mathematics) are offered to students, these electives utilize Common Core standards through hands-on discovery activities. Students explore real-world STEM components as well as the use of Computer Generated Robotics Curriculum.

The Spanish Literacy elective is offered for students in preparation for high school Spanish and Advanced Placement Spanish courses. In addition, Slauson offers three music education classes. In the Beginning Choirs, students learn to read music and receive vocal performance instruction. Students may also choose from two band electives, Concert Band and Wind Ensemble. In the Studio 26 Digital Media Program, students learn a variety of multi-media computer applications, film making, editing, and story-boarding using Common Core Standards. Media students create the Panther Press Yearbook and Newspaper using digital technology. Slauson students who participate in the Leadership elective class attend student leadership conferences and plan school-wide student events and activities at lunch and after school, as well as promote school spirit and a positive school culture. Slauson provides several after-school programs and activities for our students. Slauson also hosts after-school sports programs for middle-grade students. Think Together provides after-school activities to 100 students, including an opportunity to complete homework and receive tutoring, in addition to a variety of activities and sports.

In addition to our many academic and enrichment elective course offerings, Slauson offers additional academic support for struggling students through a variety of programs. Additional instruction is provided in the areas of language arts and math. Teachers support English Language Learners through the use of differentiated instruction during both integrated and designated ELD time. CPM Math incorporates the latest research in learning and the brain and promotes mastery-based learning and mathematical understanding through student collaboration with peers in small groups. Students who require additional math or language arts support may receive an additional hour of instruction after the school day, where additional support using iReady in the area of math and reading are available. One-to-one student Chromebooks provide additional technology support. After-school homework assistance programs are also available to support students who are in need of assistance with the completion of homework.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California and internal instruments aligned to the state tool. The results of this survey are available at the District's Maintenance Operations & Transportation office.

Slauson Middle School provides a safe, clean environment for students, staff, and volunteers. Built in 1962, the school sits on 10 acres. Facilities span 448,032 square feet and include a multipurpose room, library, cafeteria, 27 permanent classrooms, and six portable classrooms. The facility strongly supports teaching and learning through its ample classroom and recreation space. During the modernization phase, in the 2018-2019 school year, local Measure K bond funds and state matching funds were used to install new air conditioning in all classrooms as well as new black fencing on the outer perimeter of the school.

A scheduled maintenance program is administered by Azusa Unified School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the restrooms were fully functional.

During the day and in the evenings, two custodians ensure classrooms, restrooms, and campus grounds are kept clean and safe. Azusa Unified School District administers a scheduled maintenance program to ensure that classrooms and facilities are maintained to a degree of adequacy that provides a suitable learning environment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents and community members are very supportive of the educational program at Slauson Middle School. Parents and the community participate in Open House, Report Card night, School Site Council, Parent Conferences, Back-to-School Night, Principal Coffees, and a series of workshops such as Project 2Inspire and Families in Schools sessions. All parents are invited and encouraged to attend regularly scheduled monthly parent meetings that focus on educational topics. Slauson parents are encouraged to not only participate at Slauson Middle School, but to also be part of districtwide parent forums, including the District English Language Advisory Committee, Parent Advisory Committee +, and the Superintendent's Round Table.

Slauson Middle School enjoys many partnerships in the community including Great Minds in STEM, and Cal Poly Pomona Engineering Programs such as "Feeminiers" as well as an academic mentor and counseling programs through Azusa Pacific University (APU).

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The safety of students and staff is Slauson Middle School's primary concern. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Annually, our school practices complete earthquake drills, which includes an entire school evacuation. Emergency Backpacks and buckets are located in every classroom to ensure students and staff have what might be needed in the case of an emergency. A storage bin located at the school contains food, water, and other supplies for use during a disaster. All visitors must sign in at the front office, wear identification tags while on the school grounds and sign out upon departure. Teachers and administration provide supervision before and after school, and noon aides are on duty during lunch to ensure the safety of all our students. In addition, we have one adult who walks our campus daily as a "student safety" aide. Teachers, staff, and administrators are trained in ALICE and practice lockdown procedures, in an emergency, can secure the entire campus.

A Comprehensive School Safety Plan was developed by the Safe School Committee in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include the following: monthly facility safety inspections; child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to, and exiting from, school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies. The Safe School Committee evaluates the plan annually and updates the plan as needed. School site council approved this plan on October, 12, 2020.

Professional Development

The district annually holds professional development days in which teachers are offered a broad-based variety of professional learning opportunities in curriculum and instructional practice in support of a continuous cycle of improvement. Professional learning opportunities include grade level and/or content-specific programming on full and partial days as well as after-school opportunities. Student achievement data continues to be the determining factor in the selection of professional learning topics. The primary areas of focus for professional learning in the last five years have been in the area of supporting teachers as it relates to math, and ELA/ELD, history-social science, and science curricula, content standards, frameworks, as well as the use of student data to improve instructional practice. Professional learning is developed and facilitated by district staff, Teachers on Special Assignment, as well as consultants and coaches who specialize in content-area pedagogy. Prior to the COVID-19 pandemic, professional learning was structured in job-embedded workshops and professional learning communities which include collaborative lesson planning, lesson study, classroom observations and coaching support, and student work/data analysis. During the time that schools were physically closed, professional learning was offered through virtual platforms and through asynchronous learning opportunities available weekly. Professional learning for all teachers includes strategies and pedagogy to support all learners access rigorous, grade-level standards. All professional learning includes a special emphasis on supporting the development of English learners' development of academic language and literacy. Beginning in 2017 through 2022, all teachers participated in six days of systematic, district-wide professional learning with a focus on instructional strategies in support of our three student success drivers: academic discourse, collaborative practices, and cognitive rigor. Added focus in the 21-22 year included addressing issues relating to diversity, equity and inclusion, grading practices, social-emotional learning, and effective professional learning community implementation.

At Slauson, professional learning is delivered primarily through early student release day opportunities including Professional Learning Community meetings that use student achievement data to determine instructional needs. Grade level teams are provided partial day release time to participate in PLCs to hold conversations focused on planning and developing focus standards. Teachers are supported during implementation through in-class coaching, teacher-principal meetings, and collaborations with colleagues.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
