2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

At Hodge, our vision is to ensure all students learn and progress. We are a community of learners committed to inquiry and collaboration, dedicated to ensuring all students leave the sixth grade at levels of proficient or above.

Hodge Elementary School is part of the Azusa Unified School District located in the city of Azusa. Currently, 540 students are enrolled in Transitional Kindergarten through the sixth grade. Hodge Elementary School is a California Distinguished School and also received the 2012 Title I Academic Achievement Award. In addition, Hodge Elementary School's Professional Development School received a Golden Bell Award from the California School Boards Association.

Hodge Elementary School is committed to acting on our shared belief that all students can learn! In collaboration with faculty, staff, students, and parents, our community shares a commitment to increase learning for all. Teachers mediate student learning to ensure that all students are progressing academically and socially. The community works together to provide a caring, safe, respectful, and productive learning environment for all students. Hodge sustains a school-wide focus on California Common Core Standards-based education while affording multiple opportunities for students to develop the critical thinking, creativity, communication, and collaboration skills necessary to sustain life-long learning in the 21st Century. Additionally,

2022-23 School Overview

Hodge provides community members with access to the outstanding AUSD Dual Immersion Spanish program, for students in grades Kindergarten through sixth grade.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California and internal instruments aligned to the state tool. The results of this survey are available at the District's Maintenance Operations & Transportation office.

Hodge Elementary School provides a safe, clean environment for students, staff, and volunteers. Built in 1964, with modernization made in 2005, the school sits on 9.25 acres. Facilities span 391,325 square feet and include a multipurpose room, library, cafeteria, 22 permanent classrooms, five portable classrooms, updated playground, and one innovation lab. The facility strongly supports teaching and learning through its ample classroom and playground space, and a staff resource room.

A scheduled maintenance program is administered by Azusa Unified School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

During the day and in the evenings, two custodians ensure classrooms, restrooms, and campus grounds are kept clean and safe. Azusa Unified School District administers a scheduled maintenance program to ensure that classrooms and facilities are maintained to a degree of adequacy that provides a suitable learning environment. Hodge leadership partners with the District's Maintenance, Operations, and Transportation department to address areas of need identified in site facility inspections. Current areas rated poor have priority in planned repairs and replacements.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and community members are very supportive of the educational program at Hodge Elementary School. Parents and the community participate in the Parent Teacher Association, Hodge Parent Workshops, Principal's Update Meetings and Parent Coffees, School Site Council, English Language Advisory Committee, Family Fun Nights, Dual Language Immersion Collaborative meetings, transition to Middle School meetings, health and wellness activities, and multiple forms of volunteering in the classroom. Due to the efforts of our PTA and community at large, Hodge Elementary School enjoys many partnerships in the community and receives a number of generous donations. These partnerships include Azusa Pacific University, and generous community support for the school's many projects.

2021-22 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	1.00	1.54	2.45
Expulsions	0.00	0.02	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The safety of students and staff is Hodge Elementary School's primary concern. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Additionally, each year our school joins the Great ShakeOut, in which district-wide we complete an earthquake drill, which includes an entire school evacuation. A storage bin located at the school contains water and other emergency supplies for use during a disaster.

All visitors must sign in at the front office, wear identification tags while on the school grounds and sign out upon departure. Staff and administration supervise student interaction and recess during the school day. Lunch hour/noon aides are on duty during lunch and at dismissal to support the safety of all our students. Teachers, staff, and administrators are trained and practice emergency preparedness and lock-down procedures that can secure the entire campus in an emergency.

A Comprehensive School Safety Plan was developed by the Safe School Committee in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include the following: monthly facility safety inspections; child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to, and exiting from, school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies. The Safe School Committee evaluates the plan annually in the fall and updates the plan as needed.

Professional Development

The District annually holds professional development days in which teachers are offered a broad-based variety of professional learning opportunities in curriculum and instructional practice in support of a continuous cycle of improvement. Professional learning opportunities include grade level and/or content-specific programming on full and partial days as well as after-school opportunities. Student achievement data continues to be the determining factor in the selection of professional learning topics. The primary areas of focus for professional learning in the last five years have been in the area of supporting teachers as it relates to math, and ELA/ELD, history-social science, and science curricula, content standards, frameworks, as well as the use of student data to improve instructional practice. Professional learning is developed and facilitated by District staff, Teachers on Special Assignment, as well as consultants and coaches who specialize in content-area pedagogy. Professional learning was structured in job-embedded workshops and professional learning communities which include collaborative lesson planning, lesson study, classroom observations and coaching support, and student work/data analysis. Professional learning for all teachers includes strategies and pedagogy to support all learners access rigorous, grade-level standards. All professional learning includes a special emphasis on supporting the development of English learners' development of academic language and literacy. Beginning in 2017 through 2022, all teachers participated in six days of systematic, district-wide professional learning with a focus on instructional strategies in support of our three student success drivers: academic discourse, collaborative practices, and cognitive rigor. Added focus this school year included addressing issues relating to diversity, equity and inclusion, grading practices, social-emotional learning, and effective professional learning community implementation.

In addition to the aforementioned, District and site learning has focused on developing Professional Learning Communities (PLC) focused on a cycle of continuous improvement. In accordance with this initiative, teachers work in grade levels and study data and student work along with curriculum frameworks, standards, district and state assessments, and state-approved adoptions to establish learning goals, plan lessons and develop common formative assessments. Teachers meet regularly each week and also for extended learning opportunities each trimester. The District initiative is to implement Sobrato Early Academic Language (SEAL) program in all grades at the Dual Language Immersion schools. At Hodge, staff engage in extended district led professional development related to the implementation of SEAL strategies and is followed up by unit development days where teachers district wide come together to develop thematic units that support grade level standards and SEAL strategies. Additionally, a Multi-tiered Systems for Support (MTSS) is provided for our students to support both their academic and social, emotional, and behavioral development. On-going workshops designed to identify/assess student needs related to social, emotional, and behavioral development are part of the professional growth plan at Hodge.
